# ABOUT US

Takgalang Founded in 2007 and built from humble beginnings in Polokwane, Takgalang Consulting has grown into a national, 100% black-owned built environment partner with over 18+ years of dedicated service. We deliver programme control, commercial clarity and site safety from first plan to final handover - integrating Construction Project Management, Quantity Surveying, Construction OHS and Concrete Pump Services to keep projects moving on time, on budget and auditable.

## Our National Presence

## WHAT WE DO

- **Project Management** - programme control, coordination and reporting
- **Quantity Surveying** - cost planning, BOQs, valuations and final accounts
- **OHS** - safety plans, audits, method statements and incident management
- **Concrete Services** - access studies, pump selection, pour planning and placement oversight

## OBJECTIVES

Delivery certainty - Keep the programme under control with risk registers, weekly look-aheads and measurable milestones.

A

Cost & commercial clarity - Protect the budget through accurate BOQs, valuations, change control and transparent reporting.

B

Safety & compliance - Embed OHS from planning to handover with compliant method statements, toolbox talks and regular audits.

C

# VISION, MISSION & VALUES

We deliver integrated **Construction Project Management, Quantity Surveying, Construction OHS and Concrete Pump Services** so every project runs safely, on programme and within budget-with clear communication and measurable results.

## VISION

To be a preeminent provider of excellent, innovative and cost-effective, turnkey solutions in property and infrastructure development in Africa

## MISSION

- Always meet client expectations without compromise
- Achieve objectives of time, cost, scope, quality, and the socio-economic goals tied to each project
- Offer flexible, creative, efficient services tailored to the individual requirements of every project

## VALUES

- Integrity & Business Ethics
- Commitment to Excellence
- Determination & Dedication
- Responsibility & Professionalism

# OUR SERVICES

## Construction Project Management

Transforming vision into reality through expert coordination, planning, and execution

- › Project Planning and Design
- › Procurement and Contract Management
- › Construction Oversight
- › Quality Control and Assurance

## Quantity Surveying

Driving financial efficiency and transparency across every project stage

- › Accurate Cost Estimation
- › Robust Cost Planning
- › Strategic Procurement Advice
- › Efficient Contract Administration
- › Rigorous Cost Control and Value Engineering

## Construction Occupational Health & Safety

Health & Safety Practical OHS from mobilisation to handover-project-specific plans, risk assessments, method statements, inductions, toolbox talks, permits and audits-reducing risk, avoiding delays and protecting people and programme.

## Concrete Pump Services

Delivering reliable concrete placement with precision and speed

- › Concrete Stationary Pump Hire
- › Concrete Boom Pump Hire

# MESSAGE FROM OUR CEO

Takgalang recently celebrated 19 years in business. From our earliest projects to today's multi-disciplinary portfolio, one thing has never changed: our commitment to people and partnerships. We are grateful for clients who trust us to help realise their goals, and for a team whose talent and care drive our growth every day.

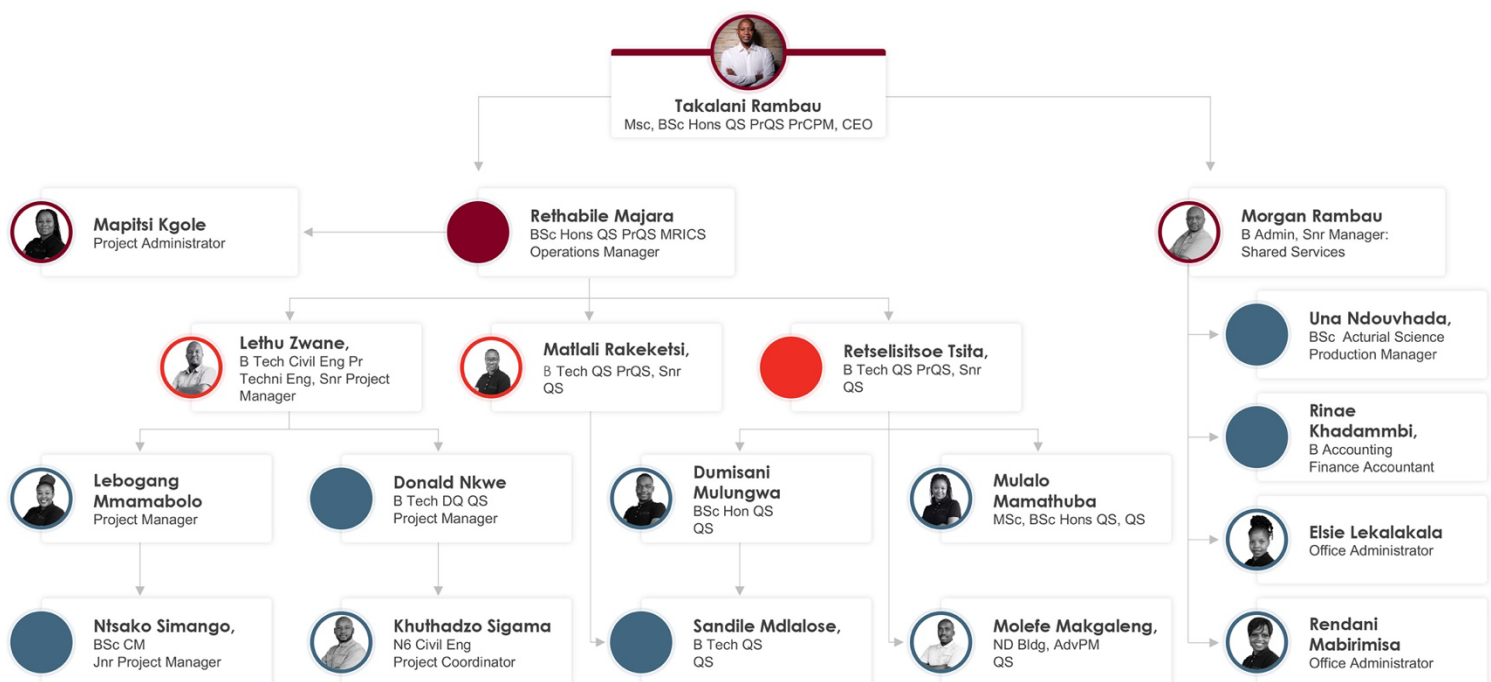

As we enter the next chapter, we'll keep delivering reliable project outcomes, strengthening relationships, and investing in the skills that build safer sites and better cities. Thank you for being part of the Takgalang journey-here's to the years ahead.

Takalani Rambau  
CEO
